Subject: Allied Site New Option Questions to Elected Officials
Attachments: Letter & Quetions to Elected Officials - AlliedPaperSuperfundSite.pdf

Hello Mr. Richard, Berkhoff, Saric and Ms. Russell,

On behalf of the Kalamazoo River Cleanup Coalition, I am writing to inform you of our recent communication to our elected officials pertaining to some questions we have about the new redevelopment option and the process for amendment of the feasibility study to include this new option for the Allied Paper Superfund site in Kalamazoo.

Attached please find the letter and questions about the new proposed option we delivered to our federal, state and local elected officials today.

We look forward to seeing you in Kalamazoo on Thursday.

Best, Denise (KRCC President)
